Drug Facts

Active Ingredient

Olive Extract (oleuropein)	3X HPUS
Hydrastis Canadensis	5X HPUS
Borax (Sodium Borate)	3X HPUS
Calendula Officinalis	1X HPUS

Purpose

Anti-microbial and Healing agent

Uses

This product is designed to alleviate symptoms linked to recognized bacterial vaginosis infections, such as a pungent odor, excessive discharge, as well as discomfort and a burning sensation during urination.

Warnings

- For vaginal use only.
- Do not use if you have never had bacterial vaginosis infection diagnosed by a doctor.
- Ointment may damage condoms and diaphragms, potentially leading to their Ineffectiveness.

When using this product:

- If considering its use in conjunction with other medications, it is advisable to seek guidance from a healthcare professional.
- Avoid the use of tampons, douches, spermicides, or other vaginal products. This is to prevent potential damage to condoms and diaphragms, which could result in a failure to provide adequate protection against pregnancy or sexually transmitted infections (STIs).
- Refrain from engaging in vaginal intercourse
- Be aware that there may be a slight uptick in vaginal burning, itching, or irritation
- If relief is not attained, it is recommended to consult a doctor.

Stop use and ask a doctor if

- symptoms do not get better in 3 days
- symptoms persist for more than 7 days

- You experience a rash or hives, abdominal pain, fever, chills, nausea, or vomiting.

If pregnant or breast-feedingask a healthcare professional before use.

Keep out of the reach of childrenif swallowed, get medical help or contact Poison Control Center right away
