Strong enough for adults, gentle enough for children.

Homeopathy is a natural approach to medicine that works without contraindications (interference with other medications you may be taking) or side effects, to stimulate the body's curative responses so that the body heals itself.

Natural antimicrobial products derived from plant sources, are proving to be potent preventatives, treatments, and stimulants of the body's natural immune system, without the side-effects of many modern pharmaceutical drugs and are less susceptible to potency loss as a result of mutation by bacteria strains. The safe and effective relief of earache pain can be accomplished with natural ingredients.

Established in 1981, Seagate produces a variety of natural products from raw materials supplied by their fishing and organic farming operations:

- Colds and Flu Remedies
- Immune Support
- Joint Support
- Homeopathic Topical Skin Care
- Healthy Heart and Circulation
- Organic Fertilizer
- Organic Vegetable Concentrates
