STORAGE

Store in a cool and dry place. Avoid direct sunlight.

DIRECTIONS

Turn the cap counter clockwise to remove and peel off the seal.
Gently tug at the center hole and load it through the cap.
Screw the cap back on and you are ready to use.

CAUTION

The cap should be immediately sealed after a wipe is needed to prevent the volatilization of the sanitization liquid on the wipes.
This is a typical sanitization product to keep the cap sealed to avoid contamination.
Use one wipe per object to avoid cross contamination.
Children's toys should be wiped and sanitized and then rinsed in water before use.

STORAGE
Store in a cool and dry place. Avoid direct sunlight.

DIRECTIONS

1. Pull the cap to remove a wet wipe off the roll.
2. Gently hold the center edge and hold it across the surface to be sanitized.
3. Place the cap back on and use as many wipes as needed to completely sanitize the area.

CAUTION

- The cap should be immediately sealed after a wipe is removed, to prevent the redistribution of the disinfectant based on the wipes.
- This is a topical use medication. Do not ingest. Use only as directed to avoid serious harm.
- Use one wipe per object to avoid cross contamination.
- Children's eyes should be kept away from the cap and then washed with water before use.
