

WESCAP-PN DHA- ascorbic acid, cholecalciferol, .alpha.-tocopherol, d-, pyridoxine hydrochloride, levomefolate calcium, folic acid, cyanocobalamin, calcium carbonate, ferrous fumarate, magnesium oxide, and doconexent capsule, gelatin coated
Westminster Pharmaceuticals, LLC

WesCap-PN DHA

Supplement Facts		
Serving Size: 1 Softgel		
Amount Per Serving	% Daily Value for Pregnant and Lactating Women	
Vitamin C (ascorbic Acid)	85 mg	71%
Vitamin D (Vitamin D3 as Cholecalciferol)	5 mcg (200 IU)	33%
Vitamin E (d-alpha tocopherol)	6.7 mg (10 IU)	35%
Vitamin B6 (pyridoxine HCl)	25 mg	1250%
Folate (L-Methylfolate Calcium, or 6(S)-5-MTHF-Ca 600 mcg) (folic acid, USP 400 mcg)	1700 mcg DFE (400 mcg Folic Acid)	283%
Vitamin B12 (cyanocobalamin)	12 mcg	429%
Calcium (calcium carbonate)	140 mg	11%
Iron (ferrous fumarate)	27 mg	100%
Magnesium (magnesium oxide)	45 mg	11%
Docosahexaenoic Acid (DHA)	300 mg*	†

* From at least 330 mg purified fish oil
 † Daily Value not established

Other Ingredients: Gelatin, Soybean Oil, Glycerin, Purified Water, Soy Lecithin, Titanium Dioxide, Yellow Beeswax, Natural Creamy Orange Flavor, FD&C Yellow #6, Ethyl Vanillin, FD&C Red #40.

DESCRIPTION

WesCap-PN DHA is a prescription prenatal/postnatal multivitamin/mineral dietary supplement with fishbased DHA and should be administered under the supervision of a licensed medical practitioner.

DOSAGE AND ADMINISTRATION

Before, during and/or after pregnancy, one softgel daily or as directed by a licensed healthcare practitioner regardless of lactation status.

CAUTION

Ingestion of more than 3 grams per day of omega-3 fatty acids (ALA, EPA, and DHA) may have potential antithrombotic activities, or effects, and may increase bleeding times. Administration of omega-3 fatty acids, including DHA, should be avoided in patients with inherited or acquired bleeding diathesis, including those taking anticoagulants. Exercise caution to ensure that the prescribed dosage of DHA does not exceed 1 gram (1000 mg) per day.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

CAUTION

High levels of folic acid may, especially in older adults, hide signs of Vitamin B-12 deficiency (such as pernicious anemia), a condition that can cause nerve damage.

STORAGE

Store at 20° to 25°C (68° to 77°F). Excursions permitted to 15° to 30°C (59° to 86°F). Protect from light and moisture. Dispense in a tight, light-resistant container.

Call your licensed medical practitioner about side effects. You may report side effects by calling Westminster Pharmaceuticals LLC, at 1-844-221-7294 or FDA AT 1-800-FDA-1088.

HOW SUPPLIED

Supplied as oblong, orange-colored softgel, imprinted "316" and dispensed in 30 count bottles.

Manufactured for:

Westminster Pharmaceuticals, LLC
Nashville, TN 37217
Rev. 09/21
