PURPLE PLACEBO TABLETS do not contain ANY vitamins, minerals, or other dietary ingredients. Please see OTHER INGREDIENTS section above for the listing of the inert ingredients.

INDICATIONS

FeRiva 21/7[®] 28-Day is a multivitamin/multimineral dietary supplement indicated for use

in improving the nutritional status of patients with iron deficiency.

CONTRAINDICATIONS

FeRiva 21/7® 28-Day is contraindicated in patients with a known hyper-sensitivity to any of the ingredients. Hemochromatosis and hemosiderosis are contraindicated to iron therapy.

WARNING

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. **KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.** In case of accidental overdose, call a doctor or poison control center immediately.

PRECAUTIONS

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where Vitamin B12 is deficient. Folic acid in doses above 1.0 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. While prescribing this nutritional supplement for pregnant women, nursing mothers or for women prior to conception, their medical condition and other drugs, herbs and/or supplements consumption should be considered.

ADVERSE REACTIONS

Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DOSAGE AND ADMINISTRATION

Usual dosage is one tablet daily with or without food or as prescribed by your healthcare provider.

The FeRiva 21/7® 28-Day tablets blister pack supplies a 28-day course of iron therapy that consists of 21 red iron tablets and 7 purple placebo tablets. Take 1 red iron tablet daily for 21 days, followed by 1 purple placebo tablet daily for 7 days. After 28 tablets have been taken a new course may be started if prescribed.

HOW SUPPLIED

FeRiva 21/7® 28-Day tablets blister pack (73352-318-28) contains of 21 red iron tablets and 7 purple placebo tablets. The listed product number is not a National Drug Code. Instead Trifluent Pharma has assigned a product code formatted according to standard industry practice to meet the formatting requirements of pharmacy and health insurance computer systems.

Keep out of reach of children. Store between 20°- 25°C (68°- 77°F).

Sumalate® is a registered trademark of Albion Laboratories, Inc., covered by one or more claims of U.S. Patent Nos. 6,716,814, 8,007,846, and 8,425,956.
