Mane and Tail Veterinary Strength Pro-Tect Antimicrobial Skin and Wound Treatment

Active Ingredient Benzalkonium chloride 0.125% in an Exclusive Quatracin conditioning base.

The Original Mane 'n Tail® Pro-Tect® Antimicrobial Medicated Skin & Wound Treatment is a deep penetrating therapeutic formula that goes beyond other simple antifungal and antibacterial products. It provides unsurpassed topical treatment for skin and wound problems. **Pro-Tect®** is a gentle, safe and effective solution that does not irritate or stain. Formulated with skin conditioning emollients that promote faster healing. Compare this advanced formula to any on the market today, the results will speak for themselves.

Unsurpassed Effectiveness On Organisms Associated With:

- **Fungal and Bacterial Problems**
- **Hot Spots, Skin Rashes and Dry Patches**
- **Girth Itch**
- **Rain Rot, Scurf, Ringworm**
- **Other Opportunistic Infections (Viral, Yeast, Mold, Etc.)**

Why Antimicrobial Treatment?

No matter which organism (fungus, bacteria, etc.) initially creates a skin problem there are numerous opportunistic organisms that can additionally invade the vulnerable site preventing skin healing.

Mane 'n Tail Pro-Tect® Antimicrobial Medicated Skin and Wound Treatment provides complete broad-spectrum effectiveness that eliminates all of these organisms with proven results for faster healing.

Suggested Use: For use on horses and other animals with topical skin and wound problems. Can be used on genital areas.

For animal use only. Not for use on cats or puppies.

Directions: Spray on affected area or wound. Do not wash or wipe off. Apply once or twice daily as needed until the area is healed. Will not burn, sting or irritate. For prevention or recurrence use Mane 'n Tail Pro-Tect Antimicrobial Medicated Shampoo weekly. For skin and wound areas that need to be cleaned prior to treatment it is recommended to use Mane 'n Tail Pro-Tect Antimicrobial Medicated Shampoo.

General Precautions: For external veterinary use only. Pro-Tect effectiveness may be reduced if used in conjunction with other shampoo and treatment products. Consult a veterinarian if any problems persist or are of concern. Keep out of the reach of children.
