Smooth fine lines, brighten and prime for flawless skin, and to prep for make-up application.

Velvety silicones combine with Soy Protein to help even out skin texture, creating a smoother surface. Pearl Powder and natural earth minerals provide a neutral tint for visible luminosity, radiance, and more even skin tone. A potent peptide helps support skin firmness, as sunscreens shield against sun damage triggered by UV light. Wear alone over your moisturizer, or after moisturizer application and before foundation to help decrease the appearance of fine lines for a lasting make-up finish. Formulated without artificial fragrances and colors.

Ask your skin therapist for your free Face Mapping® skin analysis and AGE Smart® prescription to ensure maximum results.
