MediChoice PVP Swabsticks

Drug Facts

Active ingredient

Povidone Iodine USP, 10% w/w

Purpose

Antiseptic

Use

For preparation of the skin prior to surgery and helps reduce bacteria that can potentially cause skin infection. Topical first aid antiseptic to help reduce the risk of skin infection in minor cuts, scrapes, and burns.

Warnings

For external use only.

Do not use

- in the eyes
- on individuals who are allergic or sensitive to iodine
- over large areas of the body
- as a first aid antiseptic longer than one week unless directed by a doctor.

Consult a doctor

- in case of deep or puncture wounds, animal bites, or serious burns.

Stop use and consult a doctor

- if irritation or redness develops
- if the condition persists or gets worse
- infection occurs.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

For preparation prior to surgery

Clean the treatment area

Remove swab by stick

Apply to the operative site prior to surgery. **For use as a first aid antiseptic**

Clean the treatment area

Apply a small amount on the treatment area 1-3 times daily
 May be covered with a sterile bandage
 Let dry before covering.

Other information

- Store at room temperature.
- Avoid excessive heat.

Inactive ingredient

Citric Acid, Alkyl Glucoside, Hydroxyethyl Cellulose, Nonoxyno-10, Glycerine, Sodium Hydroxide, Potassium Iodide, Purified Water
