CeraSoothe CHX+CB

Antiseptic Shampoo

Fragrance: Green tea

Formulated for cats, dogs, and horses

A shampoo with chlorhexidine and climbazole, antibacterial and antifungal ingredients for antiseptic skin cleansing. Ceramides and avenanthramides are skin nourishing nutrients that moisturize and calm the skin. They also support the skin's natural immune system and provide building blocks for renewed skin barrier integrity.

Active ingredients: Chlorhexidine gluconate 3%, climbazole 0.5%.

Inactive ingredients: Water, cocamidopropyl hydroxysultaine, decyl polyglucoside, PEG-120 methyl glucose dioleate, capryloyl glycine, avena sativa (oat) kernel extract, glycerin, ceramide EOP, ceramide EOS, ceramide NP, propylene glycol, phenoxyethanol, triethanolamine, sodium hydroxide, potassium sorbate, fragrance, citric acid.

Indications: For use on cats, dogs, and horses with bacterial or fungal skin infections that are responsive to chlorhexidine or climbazole.

Directions for use: Bathe 2 to 3 times per week until symptoms subside or as directed by your veterinarian. Wet the animal with cool water from the neck down and apply shampoo first on the skin abnormalities. Starting with a quarter-size amount of product, massage into the fur to reach the skin. Repeat until the entire body is lightly coated with shampoo. Leave shampoo on for 10 minutes before rinsing with cool water. Wash hands after use. For a rinse-free solution between baths, use Ceraven CHX+CB antiseptic mousse and/or wipes.

Cautions: For external use on cats, dogs and horses only. Avoid contact with eyes. In case of contact with eyes, rinse thoroughly and consult your veterinarian. If skin irritation occurs or increases, discontinue use and consult with your veterinarian.

Storage: Store at room temperature. Do not freeze.
