

FERROUS SULFATE- ferrous sulfate tablet
Padagis US LLC

FERROUS SULFATE
ENTERIC-COATED TABLETS

Dietary Supplement

CONTAINS:

Each tablet contains 324 mg of ferrous sulfate, equivalent to 65 mg of elemental iron, providing 362% of the U.S. recommended daily intake (RDI) of iron for adults and children 4 and older.

DIRECTIONS FOR USE:

Do not crush or chew tablets. Adult Serving Size: 1 tablet two to three times daily. Children: Consult a physician.

WARNING:

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

WARNINGS:

Do not take within 2 hours of taking oral tetracycline antibiotics, since oral iron products tend to interfere with absorption of tetracycline. May cause gastrointestinal discomfort, nausea, constipation or diarrhea. If you are pregnant or nursing a baby, seek advice of a health professional before using this product. U.S. Consumer Product Safety Commission requires that iron-containing medicines and vitamins with iron be packaged in child-resistant closures. Parents should always properly resecure safety closures.

STORAGE:

Store at 20° to 25°C (68° to 77°F) [see USP Controlled Room Temperature]
