Pancreatic Enzyme Concentrate

Powder

For use in dogs and cats.

CAUTION:

Federal law restricts this drug to use by or on the order of a licensed veterinarian.

For use in animals only

Keep out of reach of children

Description:

This product is a pancreatic enzyme concentrate of porcine origin.

Indications:

For use as a digestive aid in replacement therapy where digestion of protein, carbohydrate, and fat is inadequate due to exocrine pancreatic insufficiency in dogs and cats.

Each 2.8 g (1 teaspoon) contains a minimum of:

Lipase 71,400 USP units

Protease 388,000 USP units

Amylase 460,000 USP units

Dosage:

Pancreatic Enzyme Concentrate should be administered with a small amount of food before each meal. Consult with your veterinarian for the appropriate dose based on the severity of the condition and weight of the animal. Add the recommended dose to moistened food (canned or dry) and mix thoroughly to bring the enzymes in contact with the food particles. Let the mixture sit at room temperature for 20 minutes before feeding. Follow with the remainder of the meal.

Average dose/meal:

Dogs: 3/4 - 1 teaspoon (2.8g/teaspoon)

Cats: 1/4 - 3/4 teaspoon.

Precautions:

Discontinue use in animals with symptoms of sensitivity or allergy. May cause temporary oral mucosal irritation that is treatable by reducing dose or diluting dose with a small amount of water. Consult with your veterinarian regarding dosing.

Store in tightly closed container in a dry place at temperatures between 59° and 86°F (15° - 30°C).

Pancreatic Enzyme Concentrate Powder - 4 ounce

Description: This product is a pancreatic enzyme concentrate of porcine origin.

Indications: For use as a digestive aid in replacement therapy where digestion of protein, carbohydrate, and fat is inadequate due to exocrine pancreatic insufficiency in dogs and cats.
