TopicSkin for red, dry and irritated skin, is well absorbed by the skin. The cream helps to relieve annoying irritation and to restore the skin to its natural state. The reddish skin color gradually subsides and the unpleasant patches clear away, leaving the skin even and naturally smooth.

Instructions for use: When using TopicSkin for the first time, apply to a small area of the skin and wait for about 10 minutes. If there is no irritation you may continue use. For best results apply the cream three times a day to clean skin.

Suitable for men, women and children above the age of 6 months.
