### **HEALTHY PAW LIFE COAT SILK DRYING PASTE & POULTICE**

#### **COAT SILK DRYING PASTE & POULTICE:**

Aids in healing of scratches, insect bites, sores & wounds

Supports relief from sweet itch & inflammation

#### **Directions:**

Gently clean the treatment area to remove dirt and debris. Using your fingers, scoop COAT SILK drying paste from the container and spread it over the treatment area. Apply a thick layer; do not rub it in. Let the paste dry.

Reapply as necessary, or as advised by a veterinarian, until the skin is fully healed. Allow 24 hours between applications.

For open wounds, dry the wound by patting with a clean cloth, or alternatively, apply COAT SILK powder.

If the paste is too thick to apply, thin it out with essential oils or a small amount of water. To remove dried paste, wet the area with water and gently rinse.

Test a small area first if concerned about skin irritations or discoloration.

#### **Caution:**

Keep out of reach of children. For animal use and topical application only. Do not allow the animal to ingest the product. If skin irritation or sensitivity occurs, bathe the animal with mild soap and discontinue use. Contact your veterinarian if symptoms persist.

Read entire label before each use. Use only in accordance with labeled instructions.

#### **Storage:**

Store in a dry cool place.

#### DIRECTIONS

Gently clean the treatment area to remove dirt and debris. Using your fingers, scoop COAT SILK drying paste from the container and spread it over the treatment area. Apply a thick layer; do not rub it in. Let the paste dry.
