WHITER TEETH IN JUST 3 DAYS

**THE SCIENCE BEHIND A WHITER SMILE**

This advanced formulation has been developed by Australian dentists to protect and improve your oral health. Use daily for a healthier mouth and a whiter smile.

**HOW ACTIVATED CHARCOAL WORKS**

- 1 Activated Charcoal reaches deep between teeth.
- 2 Stains, discolouration and bacteria are attracted to the highly absorbent charcoal particles.
- 3 The tooth surface is left detoxified, brighter and whiter.

**ACTIVATED CHARCOAL TOOTHPASTE**

Whitening Toothpaste with Activated Charcoal Particles help to remove stains and deep discolouration on the tooth enamel. The highly absorbent Activated Charcoal Particles penetrate and draw out stubborn stains, traps colour particles, fights bad breath and whitens teeth enamel. Developed by dentist for daily use to prevent cavities, decay and improve overall oral health.

Safe for daily use. Low Abrasion. Fluoride protection against cavities. Suitable for use with an electric toothbrush.

**ACTIVATED CHARCOAL DEEP STAIN REMOVER with fluoride protection**
