

MUCUS RELIEF DM- guaifenesin and dextromethorphan hydrobromide capsule, liquid filled
Spirit Pharmaceuticals LLC

MUCUS RELIEF DM

Drug Facts

<i>Active ingredient (in each softgel)</i>	<i>Purposes</i>
Guaifenesin 400mg	Expectorant
Dextromethorphan HBr 20mg	Cough Suppressant

Uses

- helps loosen phlegm (mucus)
- helps thin bronchial secretions to make coughs more productive

Warnings

Do not use

- If you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Ask Doctor before use if you have

- cough accompanied by excessive phlegm (mucus)
- persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis or emphysema

When using this product

- do not exceed recommended dosage
- do not use for more than 7 days

Stop use and ask a doctor if

- cough lasts for more than 7 days, recurs, or is accompanied by fever, rash, or persistent headache. These could be signs of a serious condition.

If pregnant or breast-feeding ask a health professional before use

Keep Out of Reach of Children In case of accidental overdose, get medical help or contact a Poison Control Center right away.

Directions

Adults and children 12 years of age and older:

- Take with a full glass of water.

- Take 1 softgel every 4 hours with a full glass of water while symptoms persist. Do not exceed 6 doses in 24 hours.
- **Children under 12 years of age:** do not use

Other information

- store at 25°C (77°F) excursions between 15° - 30°C (59° - 86°F)
- keep in a dry place and do not expose to heat
- you may report side effects to 1-888-333-9792

Inactive Ingredients

gelatin, glycerin, polyethylene glycol, povidone, propylene glycol, purified water, sorbitol sorbitan solution, titanium dioxide
