

PHARMA CLEAR ACNE TREATMENT- salicylic acid concentrate
PHARMAGEL INTERNATIONAL INC

PHARMAGEL - PHARMA CLEAR ACNE TREATMENT (67879-102)

ACTIVE INGREDIENTS

Salicylic Acid 2.0%

PURPOSE

Acne Medication

Uses

Use for treatment of acne and to decrease bacteria on the skin.

WARNINGS

For external use only

When using this product:

- avoid contact with the eyes. If product gets into the eyes, rinse thoroughly with water.
- Using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.
- Limit use to the face and neck.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center immediately.

DIRECTIONS:

Apply sparingly to blemishes after cleansing. Allow to penetrate and dry before applying other preparations. For best results, use twice daily.

INACTIVE INGREDIENTS:

WATER (AQUA), ALCOHOL DENAT, DIMETHICONE PEG-8 MEADOWFOAMATE, AMINOMETHYL PROPANOL, PVM/MA DECADIENE CROSSPOLYMER, TRICLOSAN, SALIX NIGRA (WILLOW) BARK EXTRACT, DISODIUM EDTA

Now, maximum strength, duo active Pharma Clear® Acne Treatment Concentrate is a medically proven remedy for the treatment of acne. This powerhouse acne treatment heals a variety of acne conditions by aggressively treating sebum production. When sebum is trapped within a hair follicle, it produces bacterium. This activity results in the unsightly, irritated condition known as acne.

Pharma Clear Acne Treatment Concentrate is a powerful solution targeted at breaking the repetitive cycle of existing acne and future breakouts. Powerful antiseptics target acne-producing bacteria and leave a protective, non-comedogenic shield on the skin to combat breakouts. And, Pharma Clear calms irritation and redness.
