

OFF BITE AND ITCH RELIEF FIRST AID ANTISEPTIC- benzocaine, phenol, camphor solution

S. C. Johnson & Son, Inc.

OFF® Bite and Itch Relief First Aid Antiseptic

Drug Facts

<i>Active Ingredients</i>	<i>Purpose</i>
Benzocaine 5%	Analgesic, Anesthetic, Antipruritic
Camphor 3%	Topical Analgesic
Phenol 1.35%	First Aid Antiseptic

Uses

First aid to help prevent infection in minor cuts, scrapes, and burns. For temporary relief of pain and itching associated with:

- insect bites
- minor burns
- minor cuts
- skin rashes due to poison ivy, poison oak, and poison sumac.

Warnings

For external use only.

When using this product

- Do not get in eyes
- Do not apply over large areas of the body
- In case of deep or puncture wounds, animal bites, or serious burns consult a doctor.
- Do not bandage.

Stop use and ask doctor if conditions worsen, or symptoms persist for more than 7 days or clear up and occur again within a few days. Do not use longer than one week unless directed by a doctor.

Keep out of reach of children. If swallowed, get medical help or contact a poison control center right away. If in eyes, flush with water for 15 minutes and call a physician.

Directions

- Clean the affected area. Apply a small amount of this product on the affected area while massaging with sponge tip applicator. If itching persists, apply again in 10-15 minutes.
- For ticks and bees, remove tick or stinger before treatment.
- Adults and children 2 years of age and older: Apply to affected area not more than 1-3 times daily. Children under 2 years of age: Consult a doctor.

Inactive Ingredients

Propylene Glycol
