Bio Tris Flush

ACTIVE INGREDIENT: Miconazole Nitrate 0.1%

INACTIVE INGREDIENTS: Purified Water, Propylene Glycol, PEG-40 Hydrogenated castor Oil, Tromethamine, Methylchloroisothiazolinone, Methylisothiazolinone, Disodium EDTA, and N-Octadecanoylphosphingosine (Ceramide III)

BioTris Flush: Antiseptic topical formulation with astringent, cleansing and drying properties.

PRODUCT DESCRIPTION: BioTris Flush uniquely combines Miconazole and Ceramide III in a proprietary formulation with astringent, general cleansing and drying properties. Ceramide III helps support healthy skin.

Antiseptic cleansing flush for dogs and cats with dermatological conditions responsive to Miconazole. BioTris Flush may be used for the topical cleansing of puncture wounds, lacerations and abrasions.

DIRECTIONS FOR USE: Apply liberally to affected area. Use any absorbant material to clean excess solution. Do not allow animal to lick the treated areas until dry to prevent ingestion. Apply twice daily or as directed by your veterinarian. Wash hands after use.

PRECAUTIONS: For animal use only. Do not swallow. Avoid contact with eyes or mucous membranes. If contact occurs, rinse thoroughly with water and consult a veterinarian. If undue skin irritation develops or increases, discontinue use and consult a veterinarian.

SPECIES: Dogs and Cats

STORAGE: Store at room temperature. Protect from freezing.

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY
