Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Vamousse Lice Treatment

Active Ingredient

Natrum muriaticum 2X (HPUS)

Purpose

Pediculicide

Uses

Treats head lice infestation

For external use only

Do Not Use near eyes, inside nose, mouth, or vagina, on lice in eyebrows or eyelashes. See a doctor if lice are present in these areas.

When using this product Keep eyes tightly closed and protect eyes with a washcloth or towel.

If product gets in eyes, flush with water right away.

Scalp itching or redness may occur.

Do not puncture or incinerate, contents under pressure.

Do not smoke or use near open flame or heated surface.

Consider using gloves to apply the product if you have sensitive skin as prolonged contact may dry your skin.

Stop use and ask a doctor if eye irritation occurs, skin or scalp irritation continues or infection occurs.

If pregnant or breastfeeding, ask a health professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Directions Important: Read ALL instructions on pamphlet inside box. Do not use on pets or to treat pubic or body lice. Adults and children 2 years and older: Treat to kill lice and eggs (nits): Start off with DRY hair. Separate hair into 3-4 sections with clips. Shake can well. Part a section of hair into a 1-inch section, focus the nozzle tip on the scalp and apply a generous amount of mousse along the length of the hair. Pay special attention to nape of neck and behind ears. Saturate all hair and scalp, massaging the mousse to break down the foam, thoroughly soaking the hair. To be effective all lice and nits must

be contacted. Depending on length of hair, the full can may be needed. Repeat process until all sections of hair are saturated and wait 15 minutes. Remove lice and eggs (nits): Although dead, nits remain attached to the hair. After 15-minute treatment, use enclosed comb, to remove dead lice and nits from wet hair. Working with a 1-inch section of hair, insert the comb against the scalp, and pull through to the end, wiping on a disposable paper towel after each stroke. If hair dries during combing, apply more product to ease combing. Repeat combing if necessary. Shampoo and towel dry hair. Vamousse may be repeated as needed. Children under 2 years: ask a doctor.

Other Information

Other Information Do not store at temperature above 120°F (49°C). See package insert for additional information.

Inactive Ingredients Ammonium benzoate, Benzyl alcohol, Butyl lactate, Cocomidopropyl betaine, Fragrance, Isopropyl alcohol, Isopropyl myristate, Propellant A-46, Sodium lauryl sulfate, Triethyl citrate, Water
