

**DR SMITHS DIAPER- zinc oxide ointment**  
**Mission Pharmacal**

-----  
**Dr. Smith's Diaper Rash Ointment**

**Active Ingredient**

Zinc Oxide 10%

**Purpose**

Skin Protectant

**Uses**

- helps treat and prevent diaper rash
- protects chafed skin due to diaper rash and helps seal out wetness

**Warnings**

**For external use only**

**When using this product,** avoid contact with the eyes.

**See a doctor** if condition lasts more than 7 days.

Keep this and all drugs out of the reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

**Directions**

- change wet and soiled diapers promptly
- cleanse the diaper area
- allow to dry
- apply ointment liberally as often as necessary, with each diaper change, especially at bedtime or anytime when exposure to wet diapers may be prolonged.

**Storage and Handling**

Store between 15 ° and 30 °C (59 ° and 86 °F)

**Inactive Ingredients**

Beeswax, lanolin, mineral oil, olive oil, paraffin wax, petrolatum, purified water, thymol iodide

**To report** a serious adverse event or obtain product information, call (201)-696-8400

**A Calming Cure for Every Bottom**

Pediatrician Dr. Forrest Smith began his practice in 1952 with one goal in mind: to help his little patients. When it came to curing diaper rash, he was unsatisfied with the existing treatments. Joining forces with two pharmacist colleagues, he created his own ointment that would quickly relieve even the most uncomfortably irritated skin. Today, you can count on **Moisture Shield Technology**, found in every one of Dr. Smith's ointments and sprays, to relieve and soothe sensitive skin. Dr. Smith's clinical formula, coupled with a love of giving back, went a long way towards making lives better—which is still what Dr. Smith's is all about.

**Drug Facts**

**Active Ingredient Purpose**  
Zinc Oxide 10%.....Skin Protectant

**Uses**

- helps treat and prevent diaper rash
- protects chafed skin due to diaper rash and helps seal out wetness

**Warnings**
