Drug Facts
 Hydroquinone 2% Skin Bleaching Agent
 Octinoxate 2.5% Sunscreen

Active Ingredients Purpose
 Hydroquinone 2% Skin Bleaching Agent
 Octinoxate 2.5% Sunscreen

USES
 ■ Lightens dark discolorations in the skin such as freckles, age and liver spots.
 ■ Contains a sunscreen to help prevent darkening from reoccurring.

Warnings
For external use only
 ■ Do not use on children under 12 years of age unless directed by a doctor.
 ■ This product is not for use in the prevention of sunburn.

Drug Facts: (Continued)
 ■ When using this product
 ■ Avoid contact with eyes
 ■ Some users of this product may experience a mild skin irritation. If irritation becomes severe stop use and consult a doctor.

Directions
 ■ Adults: Apply a small amount as a thin layer on the affected area twice daily or use as directed by a doctor. If no improvement is seen after 3 months of treatment, use of this product should be discontinued. Lightening effect of this product may not be noticeable when used on very dark skin.
 ■ Children under 12 years of age: do not use unless directed by a doctor.
 ■ Sun exposure should be limited by using a sunscreen agent, a sun blocking agent, or protective clothing to cover bleached skin after treatment is completed in order to prevent darkening from reoccurring.
