### Vaseline. intensive rescue<sup>®</sup> clinical therapy<sup>®</sup> skin protectant body lotion

#### Who will benefit from Vaseline<sup>®</sup> Clinical Therapy lotion?

Clinical Therapy is an everyday body lotion designed to help not only fight the symptoms of dry skin but can also prevent the onset of dry skin flare-ups. This non-greasy lotion is formulated to relieve itchy dry skin and is light on your skin so you can use it daily.

#### Is Vaseline<sup>®</sup> Clinical Therapy safe to use on sensitive skin or children?

Clinical Therapy has been clinically proven to be safe for sensitive skin and is appropriate for use on children.\*\*

#### How is Vaseline<sup>®</sup> Clinical Therapy different from other Vaseline<sup>®</sup> Lotions?

Clinical Therapy is specifically formulated to act like a moisture magnet. It attracts moisture to skin, helping to instantly relieve dry skin.

#### How should Vaseline<sup>®</sup> Clinical Therapy lotion be applied?

Apply everyday, all over the body to help keep your skin at its healthy best. It is most effective if used twice daily – in the morning after you shower and in the evening before bed.

\*\*for children less than 2 years of age, consult a doctor.
