

IVIZIA DRY EYE- povidone solution/ drops

Similasan Corporation

iVizia Dry Eye Drops 5ml Sample

Active Ingredient

Povidone 0.5%

Purpose

Eye lubricant

Uses

(one or more of these)

- For the temporary relief of burning and irritation due to dryness of the eye
- For the temporary relief of discomfort due to minor irritations of the eye or to exposure to wind and sun
- For use as a protectant against further irritation or to relieve dryness of the eye
- For use as a lubricant to prevent further irritation or to relieve dryness of the eye.

Warnings:

- **For external use only(in the eye)**
- Wait at least 10 minutes between using two different eye products
- **Do not use** if you are allergic to any of the ingredients.
- If solution changes color or becomes cloudy, **do not use.**
- To avoid contamination, do not touch the tip of container to any surface. Replace cap after using.
- Use up to 90 days after opening. Store below 77°F. Do not use after the expiration date on the carton. Expiration date refers to the product in intact packaging, stored correctly.
- If you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens or persists for more than 72 hours, discontinue use and consult a doctor.
- After first use, if exposed to low atmospheric pressure, the bottle can leak.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

When using this product

- Rare possibility of mild eye irritation and ocular redness. In such cases, contact lens wearers should remove their contact lenses.
- You might experience bothersome symptoms such as a burning sensation, stinging sensation, foreign body sensation in the eye and blurred vision for a short time.

Directions:

- Wash hands well before use.
- Twist cap counterclockwise to break tamper evident seal.
- Press firmly on bottle sides. Dispensing drops is slower due to preservative-free filter.
- Dispense 1-2 drops in the affected eye as needed.
- Safe with contacts. *To limit blurriness when using contact lenses: remove contacts, apply drops, then insert contacts.

Inactive Ingredients

Purified water, sodium chloride, sodium hyaluronate, trehalose, tromethamine. May contain hydrochloric acid to adjust pH.
