DAY.™**

Supergoop! is the first and only brand 100% dedicated to UV protection. We are an SPF obsessed team led by a passionate founder who is considered a true expert in all things sun protection.

We believe skincare doesn't truly care for the skin unless it protects from the one environmental aggressor we are exposed to rain or shine, 365 days a year.

Our formulas are innovative, highly efficacious and ingredient-conscious, and deliver broad spectrum protection in unique, feel good ways.

We are serious in our mission to educate on the importance of daily SPF, but always with a smile.

Try saying "Supergoop!" and not smiling — see, we got you!

POOF PART POWDER SPF 45

Keeps your scalp sun-safe thanks to 100% mineral actives that fight UV rays without irritating sensitive skin or messing up your hair. In fact, the powdery formula actually absorbs excess oils, leaving your locks looking better than ever. Hats off (and braids on) to that!

THE SCOOP ON SUPERGOOP!

We love hearing from you, and one of the most frequent SPF requests we've received has been for a product that will keep the scalp sun-safe. So we got to work a few years ago on the perfect formula - I had a hunch it would take a bit of time for something like this to pass my Holly Hair Test (hat). I wanted it to be virtually undetectable - weightless, not greasy, translucent - while still protecting your skin from those pesky UV rays. We finally got there, and I hope that this new invention will bring you the very best hair days ahead...
