## Inactive ingredients

purified water

## Package Labeling:

**50% Isopropyl Rubbing Alcohol**  
First Aid Antiseptic

For Rubbing & Massaging\*

Alcohol's effectiveness at killing germs "drops sharply when diluted below 50% concentration," and the optimal concentration for killing bacteria is between 60 to 90 percent, according to CDC. For hand sanitization purposes, a 70% dilution is recommended. \*This product is intended for massaging, minor cuts and other cleaning purposes.
