

**HEMORRHOIDAL CREAM- glycerol, phenylephrine, pramoxine,  
petrolatum cream  
Trifecta Pharmaceuticals Usa Llc**

-----  
**Hemorrhoidal Cream Maximum Strength Pain Relief**

**Drug Facts**

**Active Ingredient**

Glycerol 14.4%

**Purpose**

Protectant

**Active Ingredient**

Phenylephrine HCl 0.25%

**Purpose**

Vasoconstrictor

**Active Ingredient**

Pramoxine HCl 1%

**Purpose**

Local Anesthetic

**Active Ingredient**

Petrolatum 15%

**Purpose**

Protectant

**Uses**

Helps relieve the local itching and discomfort associated with hemorrhoids

Temporarily shrinks hemorrhoidal tissue and relieves burning

Temporarily provides a coating for relief of anorectal discomforts

Temporarily protects the inflamed, irritated anorectal surface to help make bowel movements less painful

### **Stop use and ask a doctor**

Bleeding occurs

Condition worsens or does not improve within 7 days

An allergic reaction develops

The symptom being treated does not subside or if redness, irritation, swelling, pain or other symptoms develop or increase

### **If Pregnant or Breast Feeding**

Ask doctor before use

### **Keep out of reach of children**

If swallowed get medical help or contact a Poison Control Center right away

### **Directions**

Adults:

When practical, clean the affected area by patting or blotting with an appropriate cleaning wipe. Gently dry by patting or blotting with a tissue or soft cloth before applying cream.

When first opening tube, puncture foil seal with top end of cap

Apply externally or in the lower portion of the anal canal only

Apply externally to the affected area up to 4 times daily, especially at night, in the morning or after each bowel movement

### **Warnings**

#### **For External Use Only**

#### **Ask doctor before use if you have**

Heart Disease

Thyroid Disease

Diabetes

Trouble urinating due to an enlarged prostate gland

**Ask doctor before use if you are** presently taking a prescription for high blood pressure or depression

### **When using this product**
