

VETERICYN TRIPLE ACTION EAR TREATMENT- hydrocortisone liquid INNOVACYN INC.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Active Ingredient

Hydrocortisone

Description

Vetericyn® Ear Treatment is intended for use in removing debris and alleviating itch caused by irritation and inflammation for otitis externa (i.e., outer ear infection).

Dosage/Administration

Shake well. Fill ear canal with product and gently massage the affected area, allowing it to stay inside ear. Wipe away excess liquid. Head shaking after application is common. Repeat once (1) per day for seven (7) days. Consult your veterinarian for extended use.

Warning

Animal use only, not for humans. Keep out of reach of children. Avoid contact with eyes. If condition does not improve after seven (7) days or if irritation or systemic condition develop, stop use and contact your veterinarian. Do not use in conjunction with other ear solutions. Do not use on ruptured ear drum. Avoid water near ears during treatment.

Inactive Ingredient

Benzoic Acid, Benzyl Alcohol, Buffer, Chrysanthemum Indicum Flower Extract, Dehydroacetic Acid, Glycerin, Hydroxypropyl Cellulose, Lysozyme, Phellodendron Chinese Bark Extract, Propylene Glycol, Sorbic Acid, Water.

Precautions

Store at room temperature. Do not use after expiration date. Cap applicator tip after use. Follow general guidelines for safe medication disposal.
