*Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.*

-----

**Fissure Control**

**DRUG FACTS**

---

**Active Ingredients**

---

*Hamamelis Virginiana*\* 6X - Relief of Hemorrhoids that are Sore or Burning

*Calendula Officinalis*\* 6X - Promotes Healthy Skin

---

\* USDA Certified Organic

**Also Contains**

*Sesame Oil*\*, *Helichrysum Oil*\*, *German Chamomile Oil*\*, *Lavandin Oil*\*

**Indications**

For the relief of inflammation, pain, itching and redness associated with hemorrhoids/fissures. Symptoms of fissures include an anal tear, pain during or after bowel movements, blood in the stool.

**Directions**

Shake well before use. Dab 2-3 drops of oil to treatment area 2-4 times per day; apply daily until problem is gone. For children under 2 years of age, consult a doctor before use.

**Warnings**

**Do not put this product into the rectum by using fingers or any mechanical device or applicator.** Some individuals may be sensitive to essential oils. Begin with a small drop to determine if the product causes any increased redness or irritation and discontinue use if it irritates your skin. **For external use only.** If accidental ingestion of more than several drops, and adverse reaction occurs, get medical help or contact a Poison Control Center. Do not apply to the eyes. If you are pregnant or breast-feeding, ask a health professional before use. Not for use on children under the age of 2 without physician direction.

**Keep all medicines out of the reach of children.**

Stop use and consult a doctor if condition worsens, or consult a doctor if symptoms show no improvement after 7 days.

**Tips For Use**

Fissure Control's soothing ingredients offer immediate relief from pain and discomfort caused by fissures. It also quickly repairs the damaged tissue and encourages your body to heal itself faster than it would be able to without the medicine.

The pain relief can often be felt immediately. Torn skin is typically healed within one week, but more severe cases may require longer treatment time. The healing time can be made longer or shorter,

depending on a few factors including:

- Constipation and straining during bowel movements.
- The length of time your fissure has existed - The longer the symptom has been present the longer the treatment will take.
- Your application schedule - Fissure Control should be applied at least 2-3 times every day while the symptom exists.
