-----  
**ZymaDerm for Shingles New**

ZymaDerm®

for

**Shingles**

**Purpose:**

Topical anti-viral

**Uses:**

Helpful as an aid in the relief of skin symptoms caused by shingles (herpes zoster)

**Directions:**

- Use the applicator rod to apply a thin layer to the affected skin.
- Apply every 2 hours if possible, but at least 4 times a day.
- Begin use at the earliest sign of prodromal symptoms to help abort actual outbreaks.
- ZymaDerm™ should be applied to the blisters directly, minimizing contact with normal skin. Spills on skin should be washed with soap and water; eyes should be flushed with water in case of accidental contact; Apply enough to cover the blisters; more is not better!
- Continue use until the blisters dry up, or until the prodromal symptoms (burning, tingling, itching, pain) are gone.
- As long as you do not experience intense, persistent itchiness or discomfort, you may continue application.

**Warnings:**

- **For External use only** – ZymaDerm® contains iodine.
- **ZYMADERM® IS NOT TO BE TAKEN INTERNALLY.** However it may be used safely on the skin, lips, and mucosal surfaces.
- If you are pregnant, allergic to iodine, tea tree oil or any of the ingredients, consult your physician prior to use.
- **Accidental contact** – Eyes should be flushed with water. Ingestion: in the case of accidental ingestion, drink water and then seek medical attention. Spills on counter surfaces may be cleaned with rubbing alcohol.

**Keep out of reach of children**

**– THIS BOTTLE IS NOT CHILD PROOF!**
