

PROPYLENE GLYCOL- propylene glycol liquid
Gilmer Industries, Inc.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Propylene Glycol

For use as an aid in the prevention and treatment of Ketosis (Acetonemia) in dairy cattle.

Repackaged from USP/EP Grade

NPE-free

FDA Acceptance: CFR 21, Part 582.1666—Animal Drugs, Feeds and Related Products

This substance is generally recognized as safe (except in cat food) when used in accordance with good manufacturing or feeding practice.

Animal Use Only

Keep Out of Reach of Children

WARNING

Causes eye irritation

- Wear chemical splash goggles.
- If skin contact causes irritation, wear impervious gloves, a synthetic apron and other protective equipment to prevent contact.
- Wash hands thoroughly after handling, before eating or before smoking.
- Do NOT eat, drink, or smoke in work areas.
- Keep container tightly closed when not in use.
- Store in a cool, dry, well-ventilated area.
- Do NOT store with poisonous or ill-smelling items.

FIRST AID

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice.

IF ON SKIN: Wash with soap and water. Wash clothing before reuse.

IF INHALED: Remove to fresh air.

IF SWALLOWED: Drink plenty of water. Contact a physician.

Directions

Dose at the rate of 4 oz. orally of Propylene Glycol per head twice daily as a drench for 4-6 weeks.
