Drug Facts

Active ingredient	Purpose
Povidone-Iodine 7.5% (Equivalent to 0.75% available Iodine).....	Antiseptic

Uses ■ Washing whenever a germicidal soap is required
 ■ Maximum degerming of the hands

WARNINGS: For external use only

Do not use ■ Heat prior to application ■ On individuals who are allergic or sensitive to Iodine

Keep out of reach of children If swallowed, get medical help or contact a Poison Control Center right away

Directions ■ For preoperative use on patients: After the skin area is shaved, wet it with water. Apply **MEDPRIDE® Surgical Scrub** (1cc is enough to cover an area of 20-30square inches), develop lather and scrub thoroughly for five minutes. Rinse off by aid of sterile gauze saturated with water. The area may then be painted with **MEDPRIDE® Prep Solution** and allows to dry. ■ For preoperative washing by operating personnel: Wet hands with water. Pour about 5cc (1 teaspoonfull) of **MEDPRIDE® Surgical Scrub** on palms and spread over both hands. Without adding more water, rub the Scrub thoroughly over all areas for 5 minutes. Use brush if desired. Clean thoroughly under fingernails. Add water and develop copious suds. Rinse thoroughly under running water. Complete the wash by scrubbing with another 5cc of **MEDPRIDE® Surgical Scrub** in the same way.

Other information: Store at room temperature 20-25°C (68-77°F)
