Quality Thick Wipes 5.9"x7.9" (15cmx20cm)

Wet Wipes
Kills Germs

WET WIPES are the convenient way to get rid of dirt quickly when soap and water are not available. Each pre-moistened wipe is soft, strong and pleasantly fragranced with a mild cleansing solution containing aloe and Vitamin E. The fresh scent is perfect for cleaning and refreshing.

DIRECTIONS: Remove lid from canister. Lift flap in center of lid. Pull up corner of center sheet; twist to a point and thread through dispenser hole in lid. Do not push finger through opening. Replace lid and pull sheet out at an angle. The next sheet pops up automatically. When finished, reseal by closing lid flap to retain moisture. Apply thoroughly to hands as desired. Allow to dry without wiping. Dispose of used wipes in trash receptacle. Do not flush.

Hand & Face Wipes
