

**LA ROCHE POSAY LABORATOIRE DERMATOLOGIQUE ANTHELIOS 50 MINERAL
DAILY TONE CORRECTING PRIMER BROAD SPECTRUM SPF 50 SUNSCREEN-
titanium dioxide lotion
L'Oreal USA Products Inc**

Drug Facts

Active ingredient

Titanium dioxide 25%

Purpose

Sunscreen

Uses

- helps prevent sunburn
- if used as directed (see **Directions**), decreases the risk of skin cancer and early skin aging caused by the sun

Warnings

For external use only

Do not use

on damaged or broken skin

When using tjhis product

keep out of eyes. Rinse with water to remove.

Stop use and ask a doctor if

rash occurs

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

For sunscreen use:

- apply generously 15 minutes before sun exposure

- reapply at least every 2 hours
- use a water resistant sunscreen if swimming or sweating
- **Sun Protection Measures.** Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk regularly use a sunscreen with a Broad Spectrum SPF value of 15 or higher and other sun protection measures including:
 - limit time in the sun, especially from 10 a.m. - 2 p.m.
 - wear long-sleeved shirts, pants, hats and sunglasses
 - children under 6 months of age: Ask a doctor

Other information

- protect the product in this container from excessive heat and direct sun

Inactive ingredients

dimethicone, C12-15 alkyl benzoate, dicaprylyl ether, dimethicone/vinyl dimethicone crosspolymer, talc, triethylhexanoin, isohexadecane, styrene/acrylates copolymer, hydrogenated jojoba oil, aluminum hydroxide, stearic acid, aluminum stearate, iron oxides, silica silylate, alumina, polyhydroxystearic acid, PEG-8 laurate, tocopherol, water, diethylhexyl syringylidenemalonate, laureth-4, disodium stearyl glutamate, cassia alata leaf extract, maltodextrin, caprylic/capric triglyceride

Suitable for sensitive skin
Non-comedogenic
Fragrance-free. Preservative-free

1.35 FLOZ. - 40 ml

Dermatologists know that: **UVA rays are responsible for more than 80% of skin aging** (fine lines, wrinkles, sagging, dark spots) and are the main cause of sun intolerances.

All year-long, even in cloudy weather, in the city or through glass, UVA rays penetrate the skin down to the dermis layer. This is why dermatologists recommend using a daily, broad spectrum UVA/UVB sunscreen in conjunction with other sun protection measures (see **Directions**), to help prevent early skin aging and sun reactions.

A pioneer in sun protection research for over 15 years, La Roche-Posay, with **ANTHELIOS**, is trusted by dermatologists worldwide for its advanced formulations in UVA protection.

Dermatological safety: **ANTHELIOS 50 MINERAL** Daily Tone Correcting Primer has been formulated and rigorously tested for optimal skin tolerance.

FRAGRANCE-FREE
PRESERVATIVE-FREE

BREAKTHROUGH INNOVATION

For the 1st time, **ANTHELIOS 50 MINERAL** Daily Tone Correcting Primer combines skin perfecting tint and a broad-spectrum sunscreen. Provides instant color-correction to visibly diminish discolorations for a more even-looking complexion.

Properties:
1. **Instant perfecting-color for even looking skin.**

A lightweight, non-greasy mousse texture in one universal shade helps reduce the look of skin imperfections.

2. **Ultra-soft, smoothing primer.**
Creates a smooth skin surface for makeup application.

3. **UVA/UVB protection + antioxidants**
100% mineral, titanium dioxide sunscreen, provides broad-spectrum protection. - **Powerful CELL-OX SHIELD™ antioxidant** With Senna Alata, a tropical leaf extract known to defend skin cells¹ against damaging free radicals.

Results:
Instantly conceals imperfections for more even looking skin. Helps protect skin from early skin aging when used with other sun protection measures (see **Directions**).

For use:
Apply each morning to clean face. Easy to spread and non-comedogenic, this primer does not clog pores. Wear alone or as a primer under makeup. If used with other skincare, use as a last step in regimen. It can also be used around the eye area to prime the eyelids or color correct the skin under the eyes.

¹ Upper layers of skin.
