**Teat Dip For Dairy Animals**

This product is a formulated liquid cleaning solution to help clean and protect teats of dairy animals after milking. TELFATEAT contains glycerin and other additives to keep teat skin supple and hydrated.

This product does not contain chlorine, iodine or any other halogens and works in most conditions. This product excels in post-milking applications where gram negative contagious organisms are a concern.

**Directions**

**Pre-milking use**

Before milking, dip or spray entire teat with the dilute product. Wipe teats and udder dry after application using single-service towels.

**Post-milking use**

After milking, dip or spray entire teat with this product; allow to air dry.

Note: If solution in dispenser becomes visibly dirty, replenish with a fresh mixture of this product.

Active Ingredient : 1% Bisbiguanide

Contains : 5% Glycerin

Keep out of reach of children. Read label before use. Do not breathe dusts or mists. Get medical advice and attention if you feel unwell. Collect spillage. Store in a dry place. Store in a closed container.

**FIRST AID:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of water. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
