*Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.*

-----  
**EpiphaniQ Nebulizer Solution (79813-203)**

## **ACTIVE INGREDIENT**

ZINCUM IODATUM 2X HPUS

## **PURPOSE**

TO TREAT RESPIRATORY DIFFICULTIES, COUGH AND PERTUSSIS

## **USES**

Relieves respiratory difficulties and bronchial irritations (cough).

## **WARNINGS**

When using this product

- If pregnant or breast-feeding ask a healthcare professional before use
- Children under 12: consult a doctor before use
- Do not exceed recommended dosage
- The use of this container by more than one person may spread infection
- For your safety do not use if seal is broken
  
- Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control center right away

## **DIRECTIONS**

Note: The dosage as outlined below should be poured directly into the nebulizer in accordance with your nebulizer manufacturer's instructions.

Read complete instructions carefully before using EpiphaniQ.

1. Connect the nebulizer to the mouthpiece or face mask
2. Connect the nebulizer to the compressor
3. Pour 5ml of undiluted EpiphaniQ solution into the nebulizer as per the manufacturer's instructions.
4. Sit in a comfortable upright position. Place the mouthpiece in your mouth or put on the face mask. Turn the compressor on.
5. Breathe as calmly, deeply and evenly as possible until no more mist is formed in the

nebulizer chamber (about 15-30 minutes). At this point, the treatment is finished.  
 6. Clean the nebulizer (refer to manufacturer's instructions)

## Other Information

Store at room temperature away from direct light. Does not require refrigeration.

## INACTIVE INGREDIENTS

DMSO, WATER
