Chew + Heal STOP THE WORMS

Drug Facts

Active Ingredient

Piperazine Citrate 275 mg/teaspoon (5ml)
(Equivalent to 110 mg Piperazine Base)

Purpose

Anthelmintic
(Expels Worms)

Uses:

A liquid dog and cat wormer for use in food or drinking water for the removal of large roundworms (ascarids) (*Toxocara canis*, *Toxocara cati*, *Toxascaris leonina*).

Warnings:

For oral animal use only.

Do not use:

- Piperazine is a drug with wide margin of safety, occasionally an animal may show nausea, vomiting, or muscular tremors. Such side effects are usually associated with over-dosage; therefore, recommended dosage should be followed carefully.
- Animals with known kidney pathology should be treated only by a veterinarian.

Keep this and all pet products out of reach of children.

Caution:

Consult veterinarian before using in severely debilitated animals. Do not worm animals more than twice yearly except as advised by a veterinarian. This product is effective for those roundworm stages found in the intestine and does not remove migrating larval stages. Animals should be checked periodically by a veterinarian for the presence of other intestinal parasites.

Directions:

- One teaspoonful (5 ml) per 5 pounds of body weight.
- Apply directly into infested animal mouth or mix into food, milk or water.
- Administer to cats and dogs 6 weeks or older.
- Repeat treatment in 10 days after first treatment.

Other information:

Store at temperature between 59-86° F

Inactive Ingredients:

Artificial Flavor, Caramel, Citric Acid, Potassium Sorbate, Sodium Benzoate, Sodium Saccharin, Sorbitol, Sucrose, Water (Aqua).
