

ADULT BISOLVINE ADULT- guaifenesin, dextromethorphan liquid
MENPER DISTRIBUTORS INC.

Adult Bisolvine

Active Ingredients (in each 10 mL)

Purpose

Guaifenesin 200 mg Expectorant

Dextromethorphan HBr 20mg..... Cough Suppressant

Uses

* temporarily relieves cough due to minor throat and bronchial irritation as may occur with the common cold and helps loosen phlegm (mucus) and thin bronchial secretions to make coughs more productive.

Warnings: Do not exceed recommended dosage.

A persistent or chronic cough may be a sign of a serious condition. If cough persists for more than one week, tends to recur, or is accompanied by fever, rash, or persistent headache, consult a doctor.

Do not use:

* this product for persistent or chronic cough, such as occurs with smoking, asthma, or emphysema or if cough is accompanied by excessive phlegm (mucus), unless directed by a doctor.

* If you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions, or Parkinson's Disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Keep out of reach of children

If pregnant or breast-feeding,ask a health professional before use. In case of accidental overdose, get medical help or contact a Poison Control Center right away.
