ACTIVE INGREDIENT

ALCOHOL 65.9% BY VOLUME

PURPOSE

Antiseptic

Uses

- Antiseptic
- For handwashing to decrease bacteria on the skin; after assisting ill persons; and before contact with a person under medical care treatment
- Apply topically to the skin to help prevent cross-contamination
- Recommended for repeated use.
- Dries in seconds

WARNINGS

Flammable, keep away from fire and flame

For external use only.

Do not use

in or contact the eyes

Discontinue use

If irritation and redness develop. If condition persists for more than 72 hours, consult a physician.

Keep this out of reach of children

unless under adult supervision.

If swallowed, get medical help or contact a Poison Control Center immediately.

Directions

To start feed: REMOVE cover and discard seal from container. From center of toweled roll, pull up wipe corner; tear off first wipe for use. Twist next wipe into a point and thread through hole in the container cover. Pull through about one inch. Replace cover. Pull out wipes as needed and snap off at a 90 degree angle. Keep cap closed to prevent evaporation.

Wipe hands, fingers, interdigital areas and wrists thoroughly with towelette. Be sure to utilize the entire wipe surface. Allow to dry.

If hands are visibly soiled or contaminated, use first wipe to clean hands, then discard wipe. Sanitize with a second wipe.

Discard after single use.
