Drug Facts

| Active ingredients | Purpose |
|---|-------------------|
| Dextromethorphan HBR, USP..... 10 mg..... | Cough Suppressant |
| Guaifenesin, USP..... 100 mg..... | Expectorant |

Uses • temporarily relieves cough due to minor throat and bronchial irritations as may occur with a cold • helps loosen phlegm (mucus) and thin bronchial secretions to make coughs more productive

Warnings • **Do not use** • if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric, or emotional conditions or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if you are taking a prescription drug that contains a MAOI; ask a doctor or pharmacist before taking this product.

Ask a doctor before use if you have • cough that occurs with too much phlegm (mucus) • cough that lasts or is chronic such as occurs with smoking, asthma, chronic bronchitis, or emphysema.

If pregnant or breast-feeding, ask a health professional before use.
Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

When using this product, do not exceed recommended dosage

Stop use and ask a doctor if • cough lasts more than 7 days, comes back, or is accompanied by fever, rash, or persistent headache. A persistent cough may be a sign of a serious condition. ➔
