VALU MERCHANDISERS, CO

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Best Choice Liquid Wart Remover

Active ingredient

Salicylic acid 17%w/w

Purpose

Wart Remover

Uses

- for the removal of common and plantar warts. The common wart is easily recognized by the rough 'cauliflower-like' appearance of the surface. Plantar wart is recognized by the location only on the bottom of the foot, its tenderness and the interruption of the footprint pattern.

Warnings

For external use only.

Flammable

- keep away from fire or flame
- **cap bottle tightly** and store at room temperature away from heat

Do not use

- if you are a diabetic or have poor blood circulation, except under the advice and supervision of a doctor or podiatrist
- on genital warts and warts on the face
- on moles, birthmarks and warts with hair growing from them
- on mucous membranes
- on irritated, infected or reddened skin

When using this product

- avoid contact with eyes. If product gets into the eyes, flush with water for 15 minutes
- avoid inhaling vapors

Stop use and ask doctor if

discomfort persists.

Keep out of reach of children.

if swallowed, get medical help or contact a Poison Control Center right away.

Directions

- wash affected area, may soak wart in warm water for 5 minutes
- dry area thoroughly

- apply small amount of wart remover with applicator to sufficiently cover each wart
- let dry and repeat this procedure once or twice daily until wart is removed for up to 12 weeks

Other information

store between 20° to 30°C (68° to 86°F)

Inactive ingredients

camphor, castor oil, ethanol, ethyl ether, nitrocellulose
