- Le complexe de thé riche en anti-oxydants forme une barrière contre les radicaux libres responsables du vieillissement cutané
- Le puissant système anti-pollution à base de plantes et d'ingrédients marins protège contre les agressions et répare visiblement les peaux abîmées par les rayons UV
- Des oxysones rapidement absorbées par la peau libèrent de la vitamine C et E encapsulée pour freiner l'apparition des signes de l'âge
