Warnings

Warnings

For external use only.

Ask a doctor before use

Ask a doctor before use

RevitaDERM Wound Care Gel is for external use only. Avoid contact with eyes. If you get

it in your eyes, rinse immediately with cool tap water. RevitaDERM Wound Care Gel may become discolored when it mixes with fluid from the wound. This is normal and not a cause for concern. Do NOT use more than the recommended dose or use for longer than prescribed without checking with your doctor. Talk with your doctor before you use any other medicines or cleansers on your skin. RevitaDERM Wound Care Gel does not contain sunscreen. Ask your doctor before you use RevitaDERM Wound Care Gel if you must be outside for a long period of time. If your symptoms do not get better or if they get worse, check with your doctor.

Directions

Directions

Evenly apply RevitaDERM Wound Care approximately 1/8 inch to 1/4 inch thick to the wound area. Cover wound with appropriate dressing. Repeat as necessary to keep the wound moist.
