

NU SKIN CLEAR ACTION ACNE MEDICATION DAY TREATMENT- salicylic acid gel
NSE Products, Inc.

Nu Skin Clear Action®
Acne Medication Day Treatment

Drug Facts

Active Ingredient

Salicylic Acid (0.5%)

Purpose

Acne treatment

Use

- For the treatment of acne.
- Penetrates pores to eliminate most acne blemishes.

Warnings

- **For external use only.**

Using other topical acne medication at the same time or immediately following the use of this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.

- **Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Cleanse the skin thoroughly before applying.
- Cover the entire face with a thin layer every morning after toner.
- If bothersome dryness or peeling occurs, reduce application to every other day.

Nu Skin Clear Action® Acne Medication Day Treatment

Clear away the past, present, and future signs of acne with Nu Skin Clear Action® Acne Medication Day Treatment featuring mandelic and salicylic acid. Mandelic acid, a lipid-soluble AHA, erases the signs of past acne as it quickly fades dark spots on the skin's surface, while salicylic acid, a BHA, works to penetrate pores and dissolve the clogs that cause breakouts. Combined in a lightweight gel, these two clinically proven ingredients along with the powerful antioxidant white tea extract promote a clear, even complexion so you can face everyday with confidence.
