-----

Apricot Kernel

Powdered Glycyrrhiza

Powdered Platycodon Root

Powdered Senega

helps loosen phlegm (mucus) and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive

temporarily relieves:

cough due to minor throat and bronchial irritation as may occur with the common cold or inhaled irritants

the intensity of coughing

the impulse to cough to help you get to sleep

Keep out of reach of children

Directions (take without water)

- adult and children 15 years of age and older: 0.3g
- children 7 to under 15 years of age: 0.2g three to six times a day
- children 5 to under 7 years of age: 0.1g three to six times a day
- children under 5 years of age: ask a doctor

Ask a doctor before use if you have

persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, or emphysema  
cough accompanied by too much phlegm (mucus)

When using this product do not use more than directed

Stop use and ask a doctor if

cough lasts more than 7 days, comes back, or occurs with fever, rash, or persistent headache. These could be signs of a serious illness.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

cellulose, corn starch, magnesium stearate, sodium starch glycolate

For oral use only

# YOUNGGAKSAN
