-----  
**MucuSol**

**Active ingredient**

Guaifenesin- 128 grams/liter ( 3,785 mg per ounce)

**Directions for Use**

MucuSol may be added directly to the drinking water in a tank mix, or delivered in a stock solution premix through an automatic proportioner.

Mix MucuSol into the drinking water at the rate of 100 ml for each 1000 kg of bodyweight (1.5 ounces for each 1000 lb bodyweight).

Prepare fresh solutions daily. Repeat for 3-4 days or as necessary. Use as the sole source of drinking water.

**Indications**

For use in the drinking water of live stock and poultry as an aid in reducing congestion from mucus (phlegm)

**Advantages**

- Most soluble form of the premier mucolytic agent Guaifenesin
- Thins mucus, lubricates and drains respiratory tract
- Makes cough more productive
- Improves respiratory efficiency
- Reduces breathing discomfort
- Helps expel trapped irritants and infectious agents in mucus

**Warning**

A withdrawal of 3 days in meat and 48 hours in milk are recommended

Not for human use

Keep out of reach of children

Keep container tightly closed

**Protect from freezing**

## Excipients

Gum guaiac (guaiaecum officinalis herbal extract), propylene glycol, water and artificial color
