For those who want whitening products but not dry one.

If you still feel like you need more moisture when you finish up to emulsion step, you can use the cream for moisture supply. It controls and balances the oil and moisture level and supply moisture to skin. Besides, it also tightens the pore to make the skin texture smooth. And brightens the skin tone to become ceramic skin. Once you apply the cream to skin, it will be absorbed to skin immediately and give you fresh feeling.

keep out of reach of the children

After cleansing, use toner to smooth the skin texture.

Apply the serum or the emulsion to the face, and let it be absorbed deeply into skin.

Apply a small amount of the cream to the face, and spread it along the skin texture.

For external use only
