

HAWS EYEWASH ADDITIVE- purified water solution, concentrate

Haws Corporation

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active ingredient

Purified water 88.96% w/v

Purpose

Antimicrobial Preservative

Use

To preserve potable water in 5-20 gallons (18.93L-75.7L) self-contained emergency eyewash stations.

Warnings

Do not use

- full strength in the eyes
- internally
- if twist-off top is broken or missing
- mix with other chemicals or eyewash solutions

When using this product

- to avoid contamination, do not touch tip of container to any surface
- use only as directed
- use before expiration date
- once opened, discard

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- clean portable self-contained station
- rinse with potable water
- partially fill station with potable water
- add entire contents of this bottle
- fill tank completely with potable water
- date station's inspection tag
- change solution at least every 90 days or earlier if used

- use good judgment based upon the station's environmental exposure to determine when scheduled solution changes should occur
- in advance of an emergency

Other information

- testing: follow station's instructions for use
- store 2-40°C (36-104°F)
- use 15-30°C (59-86°F)

Inactive ingredients

Propylene glycol, Chlorhexidine gluconate
