Amosan Oral Wound Cleanser

Drug Facts

Active ingredient (in each envelope)

Sodium perborate monohydrate 1.2g

Purpose

Oral Debriding Agent/Oral Wound Cleanser

Uses

- aids in the removal of phlegm, mucus, or other secretions with occasional sore mouth
- for temporary use in cleansing minor wounds or minor gum inflammation resulting from minor dental procedures, dentures, orthodontic appliances, accidental injury, or other irritations of the mouth and gums
- for temporary use to cleanse canker sores
- assist in the removal of foreign material from minor wounds

Warnings

For external use only.

Do not use

- for more than 7 days unless directed by a dentist or doctor

Stop use and ask a doctor if

- sore mouth symptoms do not improve in 7 days
- irritation, pain, or redness persists or worsens
- swelling, rash, or fever develops

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 6 years of age and older: dissolve one envelope in 1 ounce (30 milliliters) of warm water
- use immediately
- swish solution around in the mouth over the affected area or gargle for at least 1 minute and then spit it out
- do not swallow
- use up to 4 times daily after meals and at bedtime or as directed by a dentist or doctor

- children under 12 years of age should be supervised in the use of this product
- consult a dentist or doctor for use in children under 6 years of age

Other information

do not store above 77°F (25°C)
