emuaid®

The Only Non-Prescription Medicine Guaranteed To Reduce The Size And Severity of Any Blemish Overnight

OVERNIGHT ACNE TREATMENT

Guaranteed to reduce the size and severity of any blemish overnight.

Emuaid® Overnight Acne Treatment is an antibacterial, antiseptic and clarifying two phase solution that exfoliates pore-blocking debris while a special combination of natural ingredients penetrates pores and fights infection.

Emuaid® Overnight Acne Treatment creates a medicinal shield on the blemish to penetrate the pore and reduce the size and severity overnight. The healing process begins immediately upon application to provide fast results.

Emuaid® Overnight Acne Treatment effectively treats cystic acne and promotes immediate healing of all blemishes. It is non-irritating and appropriate for use by all skin types.

Created in our private laboratory in 1978 for professional use by dermatologists and estheticians, **Emuaid® Overnight Acne Treatment**, is an often-imitated, but never duplicated, unique formula that helps treat and prevent breakouts. Over the years the skin care market has been deluged with imitations of this proprietary compound, however only **Emuaid® Overnight Acne Treatment** contains our proven blend of powerful ingredients that provide maximum strength results without irritation or side effects.
