

HAND SANITIZER- isopropyl alcohol liquid
AVO TECH INTERNATIONAL INC.

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

HAND SANITIZER

This is a hand sanitizer manufactured according to the Temporary Policy for Preparation of Certain Alcohol-Based Hand Sanitizer Products During the Public Health Emergency (CoViD-19); Guidance for Industry.

The hand sanitizer is manufactured using only the following United States Pharmacopoeia (USP) grade ingredients in the preparation of the product (percentage in final product formulation) consistent with World Health Organization (WHO) recommendations:

- a. Isopropyl Alcohol (75%, v/v) in an aqueous solution denatured according to Alcohol and Tobacco Tax and Trade Bureau regulations in 27 CFR part 20.
- b. Glycerol (1.45% v/v).
- c. Hydrogen peroxide (0.125% v/v).
- d. Sterile distilled water or boiled cold water.

The firm does not add other active or inactive ingredients. Different or additional ingredients may impact the quality and potency of the product.

Active Ingredient(s)

Isopropyl Alcohol 75% v/v. Purpose: Antiseptic

Purpose

Antiseptic, Hand Sanitizer

Use

Hand Sanitizer to help reduce bacteria that potentially can cause disease. For use when soap and water are not available.

Warnings

For external use only. Flammable. Keep away from heat or flame

Do not use

- in children less than 2 months of age
- on open skin wounds

When using this product keep out of eyes, ears, and mouth. In case of contact with eyes, rinse eyes thoroughly with water.

Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Place enough product on hands to cover all surfaces. Rub hands together until dry.
- Supervise children under 6 years of age when using this product to avoid swallowing.

Other information

- Store between 15-30C (59-86F)
- Avoid freezing and excessive heat above 40C (104F)

Inactive ingredients

glycerin, hydrogen peroxide, Acrylates/C10-30 Alkylacrylate cross polymer, purified water USP

AVO 3071, a Hand Sanitizer is an alcohol based especially designed with GERM CONTROL Agents for effective elimination of the number of pathogens such as viruses and bacteria from your hands. Globally when we can easily get infectious agents on our hands, and possibly transfer them into our body by touching our mouth, eyes, and nose. AVO 3071 is very effective in killing micro-organisms and tend to be much safer or softer on the skin than soap and water.

Drug Facts

<i>Active Ingredient[s]</i>	<i>Purpose</i>
Isoproyl Alcohol: 75%.....	Antiseptic

Use[s]

Hand Sanitizer to help reduce bacteria that potentially can cause disease. For use when soap and water are not available.

Warnings

For external use only. Flammable. Keep away from heat or flame.

Do not use

• In children less than 2 months of age • On open skin wounds

When using this product keep out of eyes, ears, and mouth.

In case of contact with eyes, rinse eyes thoroughly with water.

Stop use and ask a doctor if irritation or rash occurs.

These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

AVO 3071, a Hand Sanitizer is an alcohol based especially designed with GERM CONTROL Agents for effective elimination of the number of pathogens such as viruses and bacteria from your hands. This is very important especially in the case of an infectious outbreak such as CORONA VIRUS PANDEMIC PLIGHT Globally when we can easily get infectious agents on our hands, and possibly transfer them into our body by touching our mouth, eyes, and nose. AVO 3071 is very effective in killing microorganisms and tend to be much safer or softer on the skin than soap and water. Sanitizers mostly are alcohol based and not an absolute substitution for plain old handwashing with soap and water, it should only be used when washing is not possible. IT CLEANS & LEAVES EVERLASTING FRESH FRAGRANCE.
